

Wonder Glaz

MIRACLE UNBREAKABLE SYNTHETIC FORMULA

Wonder Glaz, the miracle unbreakable tumbler, is now available in a special fishing edition.

Now you can order your exclusive tumbler set, printed with black or blue marlin, sailfish, dorado, yellowfin tune, black bass or rainbow trout emblazoned on each in glowing colours and be the envy of your fishing buddies. They also make the ideal gift for all fishermen.

You get all this with Wonder Glaz which is made from an unbreakable synthetic formula, making it ideal for all camping and outdoor uses.

A Wonder Glaz is so tough that, when driven over in a 4x4, it virtually indestructible, & in normal use is totally indestructible. It cannot be broken by being dropped or thrown against a wall, but if you're going to test the veracity of this claim, be careful: it bounces back with a vengeance and might break other less robust things in its path.

These glasses can also be printed in up to five colours with club / company logos, or a design of your own choice. There are minimum quantities needed to make printing cost-effective and costs will vary according to the number of colours printed.

Priced from approximately R8.50 to R25.00 excl, depending on quantity, they make for easy drinking, anywhere, anytime!

Makes an ideal gift for xmas with your company logo on it!
Some glasses still in service after 15 years!
Now that's cheap advertising!
